

INTERNATIONAL IP INTERCONNECTION (i³) TRAINING PROGRAMS

Are you equipped to transition to an all-IP world?
Are you asking yourself some of the following questions?

What technology choices should I make? When?

Will my choices work with other carriers?

What happens to my existing business?

What are the new opportunities?

What about quality? And security?

How do I go about migrating my existing interconnections?

Do I need to re-invent the wheel with all my partners?

What are leading carriers doing about it?

Neotelis and the i³ Forum can provide you with answers!

To get the answers to these and other questions
